The following are the districts and their boundaries:

Remember, all those entering the race before June 1st will receive a bonus of 3,000 votes.

#### TO OUR PATRONS.

### HARPER

#### Mr. Reuben Harper Passed to the Great Beyond After a Long Life of Usefulness.

On Wednesday night, April 26, 1911, Mr. Reuben Harper, "Uncle Rube," as he was familiarly known, bid earthly friends his last farewell and answered the call of his Master, "Come unto me all ye that labor and are heavy laden and I will give you rest."

Mr. Harper was one of our oldest and best known citizens and enjoyed the confidence and esteem of this entire community.

For him, death will be a sweet dream, as he had been a constant sufferer from diseases incident to old age for a long time.

Mr. Harper was born in Bourbon county, near North Middletown in 1829, thereby making him 81 past at the time of his death. He moved to Bath county when quite a young man and about 23 years ago moved to this city and engaged in the livery business, in which business he remained until declining health forced his retirement.

When a very young man he was married to a Miss Steel, who preceded him to the grave many years ago; to this union were born two children, J. D. Harper, deceased, and John Harper a deservedly popular member of our police force.

Mr. Harper was a man of sterling quality and was indeed "a friend to man." He will be greatly missed, not only by our oldest inhabitants, but by the children as well, as he was a great admirer of children.

The funeral was held at his late residence Friday morning at 11:30 o'clock, services being conducted by Rev. H. G. Moody and burial in Macphelah Cemetery.

#### Special Matinee for Miss Billie Burke.

On account of the tremendous advance sale for the performance Thursday night, May 4th, Miss Burke has decided to play a matinee Thursday afternoon. All persons desiring seats will please order them at once, and they will be well taken care of.

Chas. Scott,  
Manager, Lexington Opera House.

WEATHERBIRD o x f o r d s, pumps and shoes are the correct thing for misses and children.

J. H. Brunner, the Shoe Man.

#### Social Session.

Mt. Sterling Lodge No. 723 B. P. O. Elks will give a Social Session at the Club, for members only, tonight, (Wednesday.) That every one present will have a good time, goes without saying.

#### Residence Catches on Fire.

The residence of Mr. Price Calk caught on fire one day last week, but as it happened at dinner hour and the men were all at the house the flames were soon extinguished with but slight loss.

#### Pinney Breaks 96 Out of 100.

At the clay pigeon shoot in Bourbon county last week S. S. Pinney broke 96 out of 100 birds, coming second to Fred Gilbert one of the champions of the world.

Monk said—I like my pork, but Oh You "Baby Beef" at S. P. Greenwade's.

### What Shall We Do With the Old Grave Yard?

We are in receipt of the following letter from Mayor W. A. Samuels, which we are sure will be of much concern to our local readers: May 3, 1911.

Editor Advocate,

Mt. Sterling, Ky.,

Dear Sirs:—

The city owns absolutely a tract of land on High street, known as the Old Grave Yard. Last year, a committee from the Business Men's Club expended on it \$132.00 of the \$136.25 secured by popular subscription, leaving \$4.25 on hand and several citizens contributed a day or more in labor. As a result the lot is fairly well graded, with good stand of blue grass coming on and perfect grade made for sidewalk on High street. The question now is, how shall we use it? What shall we do with it and how shall we beautify it? Suggestions in writing, looking to this end, will be very much appreciated, by the undersigned and the plan adopted by the city will be published, giving due credit to the person making such suggestion.

Yours for a City beautiful,  
W. A. Samuels, Mayor.

#### James O'Rear Dead.

Word was received here yesterday that James O'Rear formerly of this county, but who has been residing in Powell county for several years past died at Winchester, Tuesday morning. Mr. O'Rear was connected with the Exchange Bank of this city a few years ago but was forced to resign his position on account of ill health. Although in very poor health for years he always had a pleasant smile and greeting for his friends and his death will bring sadness to many. He is survived by his wife and mother, Mrs. Davis O'Rear, and many relatives. The body was brought to this city for interment but at the time of our going to press no funeral arrangements had been made. The Advocate extends its deepest sympathy.

#### An Elegant Dinner.

Mr. Rezin McClure entertained several of his friends to an elegant 6 o'clock stag dinner Sunday. Covers were laid for six and Mrs. McClure certainly did serve a delicious dinner and those present enjoyed themselves immensely. The following were present: Fred Morris, Roger Hedden, C. D. Wade, Loring Turley, and Jacob Hedden.

#### Tabb and Greene's Sale.

Tabb and Greene's public sale of horses, ponies and sheep, held in this city last Thursday morning was well attended. Twenty head of horses, mostly young stock, sold at an average of \$89.45. Eight ponies brought an average of \$123.00. Sheep sold at \$8.55 a head. A black jack was offered and bid to \$350, which price was refused.

#### C. T. Evans Improving Nicely.

This office is in receipt of a card from Mrs. C. T. Evans stating that Mr. Evans and the rest of the family are in good health and enjoying their trip immensely. They have left Corpus Christi, Texas, and are now in Oklahoma City, Okla.

The finest baby beeves in the country can be seen in front of S. P. Greenwade's Thursday morning.

#### DR. C. F. CREELIUS, CANDIDATE FOR THE DEMOCRATIC NOMINATION FOR SECRETARY OF STATE.

Dr. Creelius is serving his second term in the Legislature from Pendleton county, where he has been alert, conscientious and devoted to the cause of the farmer, without neglecting to do what he could for the advancement of the interests of the whole State; he has advocated with force and diligence the cause of good roads and better schools, and has attained for himself an enviable position with his associates, as is attested by his important committee assignments. He is an honorable man, a good citizen, a loyal Democrat, and will, we know, if nominated and elected to the high position to which he aspires, be true to the trust and leave behind him a record that will not disappoint those who give him their support in the race.

Dr. Creelius is the only announced candidate for this office and is the only candidate from his district, the sixth, which is the second largest district in population in the State.

#### Sale of Holt Avenue Property.

W. Hoffman Wood, agent, sold at public auction last Thursday, the frame residence of Ollie McCormick and John Stofer, on Holt avenue. The McCormick residence brought \$2,600 and was sold to John L. McCormick, while Dr. J. T. Ricketts was the purchaser of the Stofer residence at \$2,900. Both are nice homes and sold cheap. Mr. McCormick will move to the residence he purchased of R. A. Chiles and Mr. Stofer has moved to his farm on the Winchester pike.

#### Residence for Sale.

Having gone into business in Versailles I desire to sell my beautiful residence on Holt avenue. It is up-to-date and has all modern conveniences. Is located on one of the prettiest streets in the city. Can be bought at a bargain.

B. Frank Chenault.

#### Painfully Injured.

Last week Mrs. George Berkley had the misfortune to fall and severely injure her wrist. The injury is painful but not serious and she is getting along nicely.

## Hanna's Green Seal "The Made-to-Wear Paint"

If you expect to do any painting, you are interested—you should be—in the quality of the paint to be used.

In any given job of painting, labor represents practically two-thirds, material one-third the cost.

It stands to reason that with so much expense in labor, the enduring quality of the paint is all important.

Why have the painting done unless the protection and durability of the job is sought?

How is one to determine the true value and obtain paint that may be depended upon for durability?

HANNA'S GREEN SEAL PAINT IS NOT A SECRET. This paint has the printed formula on every package.

The makers have confidence and take pride in the quality and tell the public the composition of the paint.

IS THIS OF ANY VALUE TO YOU? IT OUGHT TO BE.

## DENNY P. SMITH OF TRIGG COUNTY.

authorizes his announcement as a candidate for Attorney General subject to the Democratic primary, July 1st, 1911. Mr. Smith was born and reared on a farm in Trigg county, and is a striking example of a self-made man. He earned his way through the State College by labor upon the experimental farm and, after five years of hard work and study, graduated with honorable mention in June, 1893. He was a member of the Board of Trustees and helped to make State College a University, and is now

serving as a member of the Board. Sixteen years practice at the bar, two years as County Attorney of Trigg County and seven years as Commonwealth's Attorney of his District (which position he now holds), have fitted him to discharge the duties of Attorney General with credit. He has a reputation of being an able lawyer, a forceful speaker and a leader in the Democratic party in his section. Being a man of attainments and high character, if nominated and elected, he will make a most efficient Attorney General. He has faith in the party and in its real mission for purer and better government; and believes in a progressive democracy and a game fight upon Willsonism, republicanism and graft in Kentucky.

### Prosperity.

The prosperity of a nation depends, not on the abundance of its revenues, nor on the strength of its fortifications, nor on the beauty of its public buildings, but on the number of its cultivated citizens, on its men of education and character. Here are to be found its true interest, its chief strength, its real power.—Martin Luther.

### OIL THE STREETS.

Very little has been said about oiling the streets this year, due, we presume, to the brick street agitation, but since it has been practically determined not to brick more than about half a mile this summer, we see no reason why we should suffer from dust in the residential district. Dust carries germs and is otherwise objectionable. The time to oil the streets is near at hand and we would be glad to see the Business Men's Club take this proposition in charge.

### A NEEDED LESSON.

Two white women, of questionable character, were arrested on our streets one night last week in a drunken condition and fined \$18.50 by Police Judge Turner, the morning after. These verdicts will no doubt have the desired effect.

Dr. Ben L. Bruner, the present Secretary of State is very anxious for some one to ask him to run for the Republican nomination for Governor. Last week he announced a platform of twenty paragraphs, eighteen of which commenced with the pronoun "I."

The ash barrel nuisance is gradually disappearing. Sunday we only saw six of them on our sidewalks and three of those were in front of one door.

Since the Railroad Commissioner from this District must be a Republican, here's hoping it may be our good friend H. Green Garrett.

## ADDAMS! ADDAMS!

### So Say We All, Gentlemen!

Is there a Democrat but believes that if Senator McCreary gets the Gubernatorial nomination, the chances of his party's success will be in doubt? Is it not the part of wisdom, therefore, for him to turn to some one who can bring the people to victory? William Addams, of Harrison county, is such a candidate. Place your banner in his hands and he will give you the hope and enthusiasm that must land us all winners. A few weeks since we were left floundering, feeling that there were none to make an active fight to oppose Senator McCreary for the nomination, but since the manly stand and clean-cut statements of Mr. Addams, our doubts are at least thrown aside and hope has taken the place of our doubts in our party success.

There be times when our darkest periods are just before the dawn, and Democracy in Kentucky appears to have passed through them. From now on everyone should feel, with such a man as Addams to lead, that success must surely come.

Mr. Addams has a number of relatives and friends in "Old Shelby," and, though this county is in McCreary's district yet it can be turned to the Harrison county man who can land the party triumphant in November.

Let us stop our party bickerings. Addams is a man we can unite upon, and let us all, therefore, get together and be for Addams.

Let the party slogan be "Party success," and Mr. Addams will be selected. He is the man of the hour, the man you want, the man you need, the man you must have.

Addams! Addams! So say we all! Addams!—Shelby Sentinel.

### Baby Beef Show.

S. P. Greenwade the enterprising meat merchant has just closed a deal with Alvin Evans, of Bath county, whereby Mr. Greenwade secured from him a full car load of fancy baby beeves. These calves are said to be the finest ever raised in this section of the State and the people of Mt. Sterling will have the opportunity of getting meat that is usually reserved for the port trade. Part of these will be shown in front of Greenwade's store at 10 o'clock Thursday morning.

Elizabeth, the bright little three-year-old daughter, of Mr. and Mrs. T. B. Arthur swallowed a marble Monday afternoon, the marble lodged in her throat and it was feared for a time that she would choke to death. Dr. W. R. Thompson was immediately summoned and the child was taken to his office where an X-Ray examination was held but the marble was not located. The little girl is now entirely out of danger.

## STARS MADE IN MILKY WAY

New Theory Concerning the Birth of Worlds is Expounded by a Professor From New Zealand.

A theory, with bearing on the birth of new worlds, was explained the other day at the Colonial institute by Professor Bickerton, who has been sent to England by the government of New Zealand and Australia in order to expound his views.

Mr. Bickerton is professor of chemistry and physics in the university of New Zealand. His theory, briefly explained, is this: The countless suns of the Milky Way are known to travel in two great streams of opposite directions. As they pass each other at tremendous speed they attract each other, and in the collisions that occur particles are torn from each star. The two wounded suns pass on their several ways, but the particles coalesce and form a third body—a thing of terrific heat and energy.

These are the bodies known to astronomers as "temporary stars." Owing to the heat involved in its birth such a body explodes and is finally dissipated into atomic dust.

Professor Bickerton asserts that his theory, while successfully accounting for the appearance of temporary stars, proves also that the continual rejuvenescence of the cosmic system is in progress, thus giving evidence of the eternal character of the universe.—London Correspondent New York Times.

## ORIGIN OF DOLLAR BILLS.

"That dollar silver certificate you have there has been gathered together from all over the world," said the bank cashier. "Part of the paper fiber is linen rag from the Orient."

"The silk comes from Italy or China. The blue ink is made from German or Canadian cobalt. The black ink is made from Niagara Falls acetylene gas smoke, and most of the green ink is green color mixed in white zinc sulphate made in Germany."

"When the treasury seal is printed in red, the color comes from Central America."

## NOT AT ALL ALARMED.

The Cornelia Green chapter of the Daughters of the American Revolution, which will cast the one vote in Missouri for Mrs. William Cummings Story for president general, at the national convention in April, in Washington, is not even disturbed at the insinuation that Mrs. Story is for suffrage. "That is a private matter," said one of the members, "and if we are to bar out all women who are in favor of votes for women there would be few good ones left, I am afraid."

## PROPER CHILLS.

"I've had cold chills running over me all day," the thin man complained.

"You ought to be glad of that," said his heartless friend.

"I don't think I understand you. Why should I be glad?"

"Oh, well, you know, it is quite an ordinary thing to have cold chills. There's no cause for alarm. Just think what an extraordinary thing it would be if you should have hot chills running over you."

## Death of Montgomery County Man and Wife.

Mrs. T. F. Triplett has just received word of the death of her uncle, Mr. Will Hughart, who died Monday, April 24, in Cannon City, Colorado. His funeral was not to have been until Thursday morning, but on that morning his wife died and they were both buried at the same time and in the same grave Thursday afternoon. Mrs. Hughart was a sister of Sam Patrick, of the county. They formerly lived here and had many friends and relatives in this county who will be grieved to learn of their deaths.

## "STRANGE OATHS."

Before Mr. Justice White took the oath of chief justice he was required to subscribe to the "oath of allegiance" required of all ex-Confederates entering upon federal office. When Judge Buchanan presented himself in the Tennessee supreme court as a member of that body appointed by the governor a few days ago, he was called upon, under the law of the state, to swear that he had not engaged in a duel since the passage of the statute on the subject and that he would not do so during his term of office.

It is well that judges on the bench be bound by sufficient formal obligations and pledges. At the same time such oaths as those mentioned were formulated for times far other than the present, and it might be well to abolish them.

Craige Lippincott was the fore-  
most citizen of Philadelphia, a  
millionaire publisher and an aristo-  
crat to his finger tips. He had  
position, wealth, prestige, a palace  
and a family. This did not keep  
him from placing a pistol to his  
temple and ending it all. It is a  
mystery, according to the police,  
and "temporary aberration" ac-  
cording to his family. There is a  
skeleton in the Lippincott closet  
somewhere, but the suicide of the  
head of the house may have led to  
the burial of the skeleton. George

ened my kidneys, causing back-  
ache. My bladder became affect-  
ed and I was annoyed by too fre-  
quent passages of the kidney secre-

finally told to give Doan's Kidney

# Free Rural Delivery Mail.

The government has never  
sought to ascertain the weight of  
the different classes of mail matter  
carried on the rural routes and can  
give no information whatever on  
the subject.

This service cost last year \$36,-  
923,737, and since salaries have  
been raised and the service extend-  
ed, the cost this year will not fall  
far short of \$40,000,000.

How is it possible to estimate  
accurately the cost of various  
classes of mail matter by the  
Hughes Commission or by any-  
body else, without ascertaining  
how much of each class is deliver-  
ed and how much collected by the  
rural service?

From these reports it appears  
that daily papers comprise by  
weight 42.5 per cent. of the total  
rural mail, and 52.8 per cent. of  
second-class matter.

It will not do to assume that  
these figures are correct—they may  
vary considerably from the actual  
facts—they simply stand for the  
average of reports received and  
tabulated.

Don't Hide Them With a Veil;  
Remove Them With the  
New Drug

An eminent skin specialist re-  
cently discovered a new drug,  
othine—double strength, which is  
so uniformly successful in remov-  
ing freckles and giving a clear  
beautiful complexion that it is  
sold by Wm. S. Lloyd under an  
absolute guarantee to refund  
the money if it fails.

Don't hide your freckles under  
a veil; get an ounce of othine and  
remove them. Even the first night's  
use will show a wonderful improve-  
ment, some of the lighter freckles  
vanishing entirely. It is absolute-  
ly harmless, and cannot injure the  
most tender skin.

Be sure to ask W. S. Lloyd for  
the double strength othine; it is  
this that is sold on the money back  
guarantee.

## Montgomery County Republicans Endorse Garrett For R. R. Commissioner.

The county mass convention of the Republicans of Montgomery county has instructed the delegates of this county to vote for Hon. H. G. Garrett, of Clark county, for Railroad Commissioner as long as his name is before the convention which will be held at Paris to-day. From the way this and other counties have instructed it seems that H. G. Garrett will be the next commissioner.

The following delegates were chosen to represent this county at the Paris convention: S. S. Pinney, C. L. Kirkpatrick, Steve Adamson, I. E. Daniel, Harry Campbell, Walter Harper, R. N. White, Ren W. Hall, C. G. Pangburn, W. Hoffman Wood, M. H. Lewis, R. H. Winn, E. C. O'Rear, J. E. McClure, John C. Trimble, Dr. Sherman See, Henry Botts, Lee Fisher, D. B. Skidmore, H. W. Lockridge, R. M. French, A. T. Wood, Stanley Wood, John B. See, H. C. Ledford, D. J. Burdett, Isom Osborne, Joseph Trimble.

Judge Edward C. O'Rear of Montgomery county, was recommended to the Republicans of Kentucky "as a suitable man for the Republican nomination for Governor."

The resolutions were introduced by W. Hoffman Wood, a son of State Pension Agent, A. T. Wood, who is opposing Judge O'Rear for the nomination.

## Some One Says.

"Work is your great school-master. It hardens the muscles, steadies the nerves, quickens the blood, strengthens the intellect, corrects the judgment, awakens slumbering genius, calls forth latent powers, touches hidden springs of action, and arouses ambition; it teaches patience, perseverance, decision and method; it starts the ready pulpit in life and brings him into closer connection with men and things; it enables a man to gather in firm grasp all his power and energies of body, soul and spirit, and hold or hurl them at his will."

## WHAT HE WAS DOING.

Two young Louisville clerks, having a day off, each hired a bicycle and took a spin in the country. Ten miles from town the cyclists decided to have a race. One distanced the other some 300 yards and was rejoicing in his victory, when, in turning a bad corner he collapsed over a heap of stones. The wheel was demolished and the rider was irretrievably mixed among the spokes. An aged woman, who happened to be passing, was met at a turn in the road by clerk No. 2. "My good woman," said he, "have you seen a young man on a bicycle around here?" "I have not," she answered, simply; "but I saw a young man up the road a ways, who was sitting on the bank, mending umbrellas."

## AMERICAN IN LONDON.

Mrs. Miller Graham, who is now one of the wealthy hostesses of Grosvenor street, will take the place of Mrs. Keppel, who was such a great favorite of King Edward. She is the widow of a California millionaire and one of her ball novelties was a huge watermelon which was rolled into the middle of the room. A huge knife was supplied to cut it and when opened a tiny pickaninny hopped out and began to pelt the guests with flowers.

The ADVOCATE,—always in the lead,—is going to send five young ladies to Eastern cities for a summer vacation. All arrangements have been made for this grand trip. It costs lots of money, but we are going to have a trip right. Read how you can go. Big select crowd, big time, nothing spared to make it the grandest trip of your life. Don't you want to go?

## Robbed On Q. & C. Train.

Two men, going from Lexington to Cincinnati Saturday were robbed by pick-pockets, one was relieved of \$196 and the other of \$56 besides a check and some valuable papers. There is no clew to the guilty parties.

Brood sows number about 10 per cent more than last year, according to the statistical bureau of the Department of Agriculture. Iowa leads with an estimated increase of 17 per cent, which means a pronounced enlargement of sow. Illinois and Nebraska are credited with a gain of 12 per cent, Missouri 10 and Kansas 7. These figures clearly indicate the passing of the abnormally high prices which have curtailed the consumption of pork.

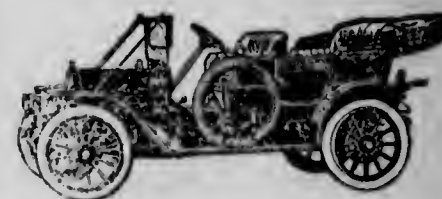

The style features of our spring styles are conservative, practical and novel enough to command your admiration.

### Prominent Bath County Woman Dies in This City.

Mrs. Katie Boyd, wife of Walter Boyd, prominent farmer of Bath county, died suddenly in this city last Thursday night at the residence of Mrs. Goshia Arnold, on the Grassy Lick pike. Mrs. Boyd went to Lexington Wednesday to consult a physician, having been a sufferer for years with a severe pain in her head. On arriving here that night she went to the residence of Mrs. Arnold and Thursday morning awakened with a severe headache. Dr. W. R. Thompson was summoned and relieved her. Late Thursday afternoon he was again called and told that Mrs. Boyd had been vomiting repeatedly for hours. She lay practically in a stupor when the physician arrived, but an examination revealed no serious symptoms. Thirty minutes later Dr. Thompson was again summoned and hastily went to the residence, but Mrs. Boyd was dead when he arrived. It is believed that her death was caused by the bursting of a blood vessel on the brain, caused by the violent attack of coughing. Mr. Boyd was summoned from his home in Bath county, and notified of the sudden death of his wife. The body was taken to the home near Sharpsburg.

### Big Fire in Maine.

Fire in Bangor, Me., caused a loss of \$6,000,000. A third of the city is in ruins, including the richest business and residence portions. After the fire department, with aid from other cities, had fought without avail until midnight, rain came and aided in extinguishing the flames. Thousands are homeless and those who lost their homes spent the night in the streets, the churches and public buildings being in ruins.

### Lowered Cost of Living.

The daily papers, which made so much ado over higher prices for foodstuffs that consumers had an exaggerated idea of the situation, are now beginning to expound the reduced cost of living. Tables of comparative cost on staple articles of food are printed, and the consumer is assured that if prices are not materially less than a year ago the retailer is to blame. Wholesale market quotations on meats, cereals, poultry, butter and eggs take a considerably lower run than last year, while flour is down \$1 a barrel. Coffee and fruits still remain high.

It is refreshing to find the public, as represented by the writer for the daily papers, concluding that natural causes have brought about the decline, and really recognizing the existence of the law of supply and demand—a law which a good many people forgot for a time in their zeal to saddle the cause of high prices on to combinations and trusts and wholly artificial causes.

Agreement now seems rather general that elevated values materially lessened consumption—a fact which has been repeatedly pointed out in deploring the abnormal prices of meats which prevailed for a time. The meat-eating habit is one easily cured, and it has been discussed with serious apprehension the prospect that high prices would bring meat substitutes into use to such an extent that consumption would be materially curtailed. That unfortunate but foreseen condition now affects the industry. Although prices have dropped considerably, the demand has also slackened, and outlets appear not to have the absorbing power of past years.

Abnormally high prices of agricultural products benefit temporarily those who happen to have the goods to unload on such markets, but they are ultimately damaging in that they tend to disturb seriously the relationship between normal supply and demand and a uniformly profitable production.
